# Purpose

- Issued annually
- Full-time faculty, research faculty and post docs are eligible.
- The main PI is encouraged to be a full-time tenured or tenure-track faculty.
- From UTA, USF, UWM, Cal Poly and GIT
  
- All proposals must contribute to the CTEDD General Grant objective and overall CTEDD focus areas as outlined in the RFP. Research projects must focus on **transportation**, represent a potential to **convert transportation research into practice**, inform researchers and non-academics, help to shape national and international conversations on transportation research, and respond to the needs of practitioners and policymakers.

# Focus Areas

**FOCUS AREA 1: Creative use of Existing Infrastructure**

**FOCUS AREA 2: Innovative Funding Strategies**

**FOCUS AREA 3: Transportation Systems, Economic Competitiveness, and Equal Access**

**FOCUS AREA 4: Employing Big Data and Innovative Techniques to Improve System Efficiency**

**FOCUS AREA 5: Performance Management and Monitoring Systems**

**FOCUS AREA 6: Transportation Policy and Decision Making**

# Proposal Submission Package

1. The proposal document (must not exceed 20 pages)
2. The proposed budget, as reviewed by your institution
3. The match commitment letter(s) for both cash and in-kind match amounts proposed in your budget
4. ***The stakeholder commitment letter(s), confirming and detailing each party's connection to your project***

# 1) The Proposal Document

- **Abstract (*limit 300 words*)**
- **Key Words (*limit 5 words*)**
- **Research Focus Area**
- **Research objectives and relevance to CTEDD's objective (*suggested limit ½ page*)**
- **Background and literature review (*suggested limit 1 page*)**
- **Methodology (*suggested limit 2 pages*)**
- **Tasks, schedules, and expected deliverables (*suggested limit 1.5 pages*)**
- **Technology transfer, stakeholder collaboration and impact (2+ pages)**
- **Please provide *minimum 1 paragraph* description for each following items in relation to your project**
  - Intellectual merit
  - Innovation
  - Education and workforce development
- **Qualifications & team (*suggested limit 1 page*)**
- **VITAE (*suggested limit 2 pages per person*)**
- **Match funding letters (*no page limit*)**
- **Stakeholder commitment letters (*no page limit*)**

# Technology Transfer

- Technology Transfer is an ongoing process in the life of a project
  - Begins in the proposal and continues through implementation and knowledge transfer
- Work with your campus Tech Transfer Assistant Director
- Identify at least one relevant stakeholder and provide a commitment letter
- Offering a detailed plan in your proposal saves time later
- Must reach at least Level Three of technology readiness
- Technology readiness of 6 and above can propose a longer timeline and divide their proposal into phases
- [Technology Readiness Levels](#)

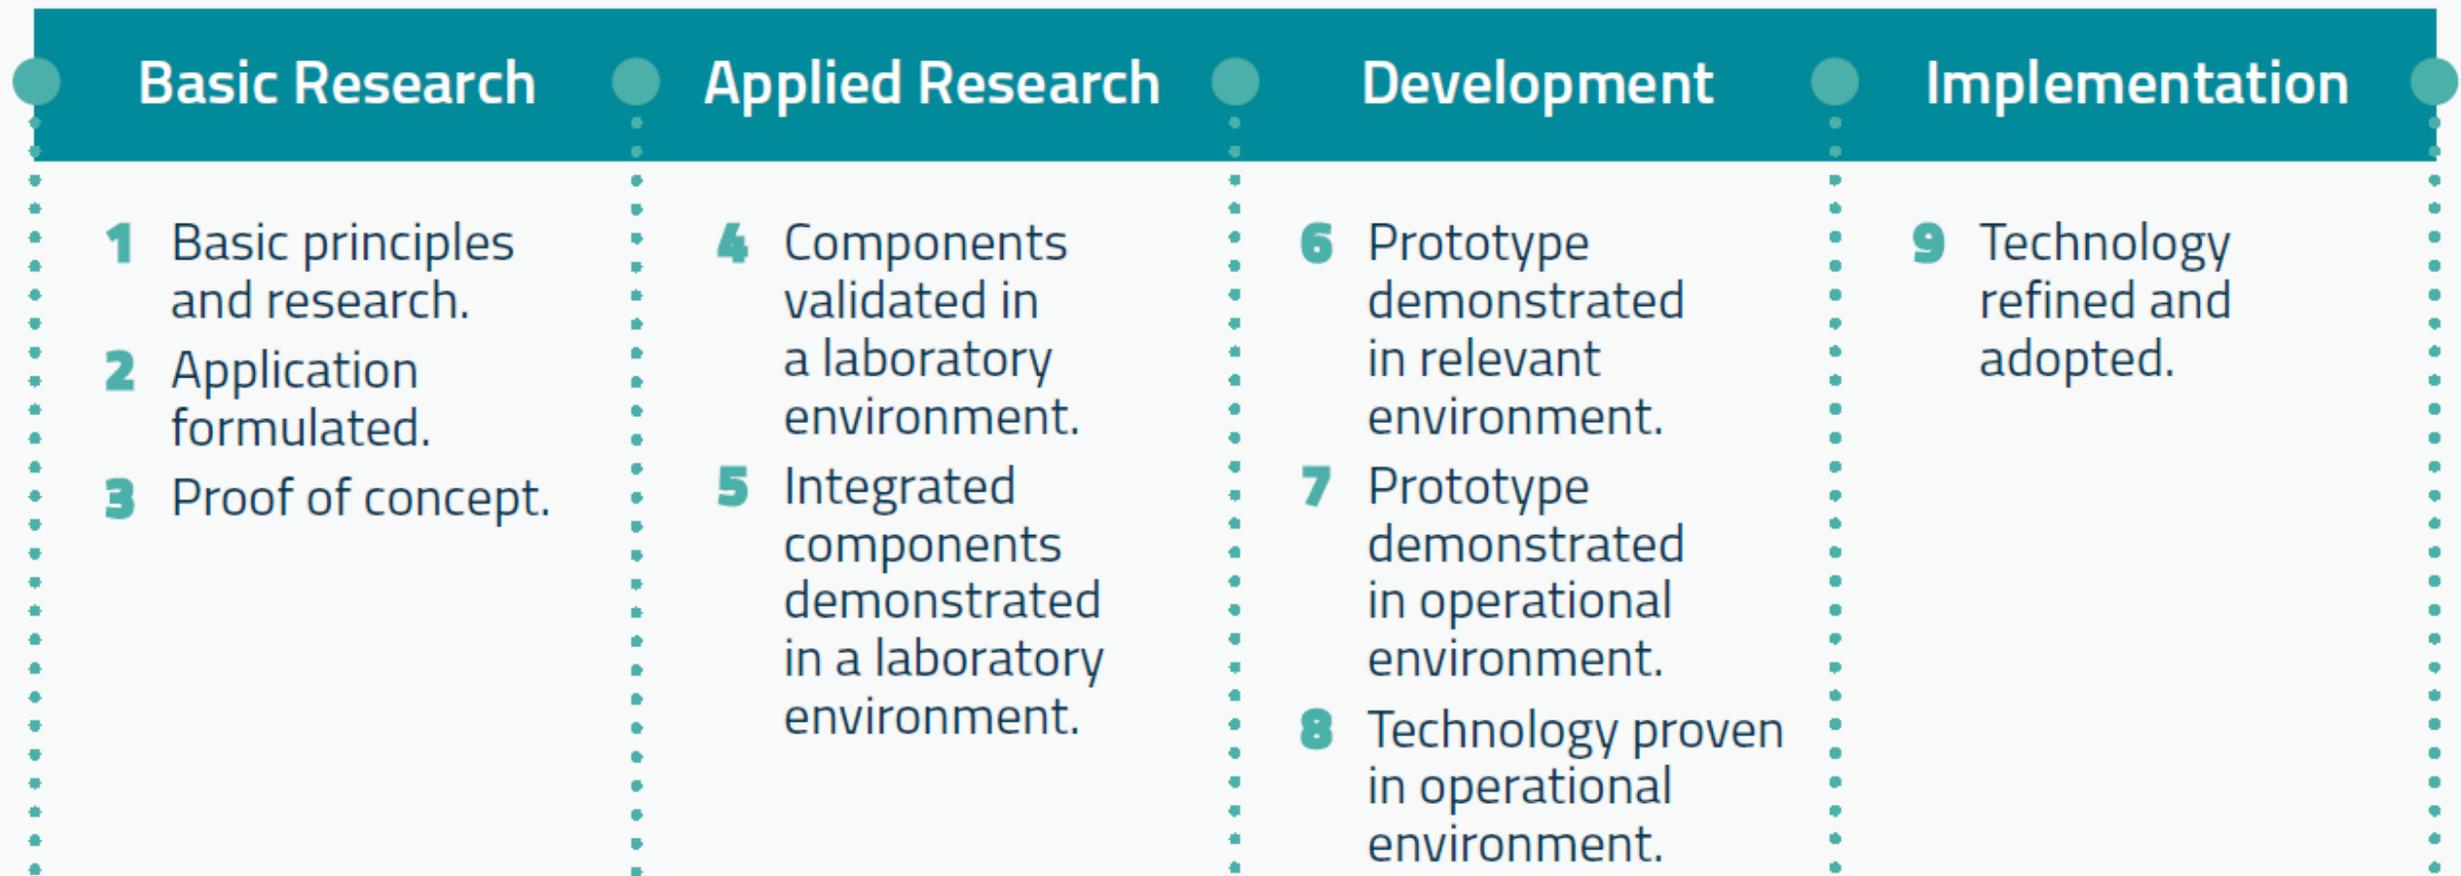

Figure 2. The four categories of the TRL Scale.

# Project Stakeholders

- Private industry firms and organizations
- State government, federal government, local government
- Metropolitan Planning Organizations/Commissions
- Transit Agencies
- Foundations and Nonprofit Organizations
- Nongovernmental/Civic Organizations

**New for Round Four RFP:**

*Stakeholder involvement (cash or in-kind support, data-sharing, dissemination, etc.) must be documented in signed letters from the stakeholders.*

**VI. CORE CLIENTS/STAKEHOLDERS OF THE PROJECT FOR TECHNOLOGY TRANSFER**  
 (Provide at least 2 contacts; add more rows for each additional source)

## 2) The Proposed Budget

Each project total: \$65,000 - \$200,000 (higher for collaborative projects)

- Lower - Single PI, single institute
  - Middle - Multiple PIs, single institute
  - Higher – Multiple PIs, multiple institutes
- 
- ***New for Round Four: PI's must budget at least 50% of their staff expenses for student researchers (wages, benefits, STEM tuition expenses, etc.).***
  - The travel category refers to the research-related travel (if any). Please do not budget for conference presentations. CTEDD has a separate, direct process for conference travel.
  - Any budget for equipment requires a strong justification, and proof that it will be used solely for the CTEDD project. We discourage budget requests for equipment.
  - The 50% match funding is the minimum. Higher matching funds are encouraged, as they indicate more partnership and additional resources.

*Project proposals must use this budget template for their proposal submission!*

# Funding Priorities

CTEDD prioritizes the following factors when choosing to award projects:

- Involve junior/ untenured faculty
- Prioritize student involvement and training
- Involve interdisciplinary, multi-campus, and/or external collaboration
- **Have at least Level 3 of technology readiness (Higher TRL levels will receive higher funding)**
- Involve members of underrepresented populations

# Evaluation Criteria - Internal

1. Does the proposal fit the CTEDD and RFP objectives?
2. Does the proposal address CTEDD focus areas and suggested areas of topics?
3. To what extent is transportation the focus?
4. To what extent does the proposal support and mentor students?
5. How is student involvement prioritized in the project budget?
6. Does the proposal support untenured tenure track (junior) faculty?
7. To what extent does the proposal leverage matching funds and have external stakeholder involvement?
8. To what extent does this project support substantive and meaningful collaboration?
9. To what extent does the project support multi-disciplinary and/or multi-campus collaboration?
10. Is the research relevant nationally?
11. Does the project support equity and diversity?
12. Does the proposal reach the required technology transfer readiness and propose a viable technology transfer plan?
13. What is the PIs past performance on other UTC projects (on time reporting, etc.), likelihood of successful completion, potential for technology transfer?

# Evaluation Criteria - External

1. Alignment to CTEDD's Objectives and Mission as a UTC
2. Fitness to CTEDD's Focus Areas
3. Applicability of Outcomes
4. Methodology
5. Resources Committed and Collaboration Proposed
6. Intellectual Merit
7. Innovation
8. Viability of Proposed Tech Transfer Activities
9. Broader Impact(s)
10. Qualifications of the Project Team

# Important Dates

October 18, 2019	Complete Proposal and Budget Submission Due
October-November, 2019	Proposal Review, Feedback, and Task Orders
December, 2019	Projects Awarded –Award Documents and Tech Transfer Plans Finalized
January, 2020	Projects Begin

The completed proposal packages **must be submitted by your institutions' Office of Grants and Contracts to [C-TEDD@uta.edu](mailto:C-TEDD@uta.edu) by October 18, 2019**.

The package should include:

- The proposal document (The length of the proposal should not exceed 20 pages)
  - An initial Technology Transfer Plan (section 8 of the RFP) must be included here
- The proposed budget, as reviewed by your institution
- The match commitment letter(s) for both cash and in-kind match amounts proposed in your budget
- The stakeholder commitment letter(s) confirming the interest/involvement of project stakeholders

# Important to Note

- The completed package of proposals should be submitted **prior to the deadline**. Incomplete packages and late proposals will not be sent for external reviews.
- All proposal packages should include **budget justifications** and **the match commitment letter(s)**.

**All proposal packages should be submitted by the Office of Grants and Contracts of the associated university (including UTA PI's).**

# Frequent Questions

- *Can we focus our proposal on technology transfer if we already have a technology in place?*
- *How far ahead can we phase out our research (Number of years)? If we plan for a multi-phase project, what does CTEDD consider necessary for a first phase to be complete?*
- *Can we have non-tenured faculty as PI's, or is it necessary to have a more experienced faculty member as PI and for the postdoc/ untenured faculty to be a co-PI?*
- *Are proposals considered from other areas of transportation research (i.e., econometrics, vehicle safety, emissions, etc.)?*
- *What kind of budget items are non-allowable? Can we include travel for technology transfer for our research budget or would that be a separate budget/phase?*
